IQAC SUMMARY REPORT – 2021 -2022

Significant Activities and contributions made by IQAC

1. IQAC suggested that while preparing the list of programmes to be organised by various departments for the academic year 2021 – 2022, the vision, the mission of the college, the industries expectation of the skills to be possessed by the students are to be kept in mind. Accordingly the departments have prepared the list of programmes in such a way that they would develop their soft skills, enhance their knowledge in the concerned area of study and develop positive attitude.
2. Since the format for the preparation of Self Study Report and the procedure for the assessment and accreditation have been changed by the NAAC, it was suggested that the FDP may be organised to make the teachers aware of the changed procedure and filling up of the format from the preparation of Self Study Report.
3. Instead of giving training to the students for developing their communication skills and their mathematical aptitude outside the class hours IQAC suggested that it could be preferable if the above 2 topics are included in the regular working hours, in order to get better results.
